EDUCATION

James Madison University
Interactive Design
Aug 2015-May 2020 | Harrisonburg, VA

- Learned how to use different tools to create great user experience such as affinity mapping, New-Useful-Feasable (NUF) charts, creating personas, user flows, wireframing, low and high fidelity prototyping

WORK EXPERIENCE

Eduphoria! Inc.
Product Designer
June 2021-Present | Austin, TX (Remote)

- Creating usable ed-tech solutions that help educational staff test, lesson plan, and host seminars. We also improve the ease of student testing. Creating solutions on both the staff and student side allow us to create experiences that promote student growth, teacher confidence and data integrity.

Trilogy Education Services
UX/UI Design Bootcamp Teacher Assistant
Jan 2021-August 2021 | Austin, TX (Remote)

- Assisting students with understanding design principles and how to have a growth mindset while collaborating on projects with fellow students to become an advocate for the user.

ACCOMPLICE.DESIGN
Remote Product Designer
June 2020-November 2020 | San Francisco, CA (Remote)

- Working directly with CEO and Co-Founder to develop brand sprints, MVP scoping, user flow diagrams, wireframes, storyboards, mockups and prototypes to create a viable product for clients mainly involved with B2C and B2B products in the Fintech and Blockchain industries.

"Excuses are tools of incompetence, that build monuments of nothingness and anyone who uses them seldom anything else"
-Anonymous
